

# Inaugural Conference of World Association of Dynamic Psychiatry (WADP) – India Chapter

12th and 13th April 2025 at Nagpur (Maharashtra, India)

This is to place on record our appreciation to Dr. Vivek Kirpekar, Dr. Sudhir Mahanjan and their team for making the WADP India – 1st National Conference at Nagpur a grand success. The presence of nearly 200 actively participating delegates, excellent academic sessions and the timely and orderly conduct of the event were remarkable. The workshop “Bollywood and EQ“ conducted by Dr Mohan Agashe and Dr Anand Nadkarni was very illuminative. The online lecture by Prof. Salman Akhtar on “Our feelings, fantasies and attitudes about death“ was exceptional.

The International release of our book “Glow of Synthesis – 12 Beacons of Social Psychiatry“ by Dr. Maria Ammon and Dr. Mohan Agashe was a memorable event. The participation by WADP Secretary General Dr. Maria Ammon and colleagues made the event truly international. The WADP India chapter EC and Annual General Meeting could be held smoothly fulfilling our statutory requirements.

Besides, the warm hospitality of Nagpur made everyone happy. We are grateful to Dr. Sudhir Bhawe, Dr. Manish Thakre, Dr. Atul Gawande and all members of the organizing committee. Hearty congratulations for this memorable event!

Roy Abraham Kallivayalil  
President, World Association for Dynamic Psychiatry - India Chapter  
Vice President, World Association for Dynamic Psychiatry, Berlin
